ViewSonic® N2750w LCD TV Display

27" NextVision® wide-screen LCD TV

Experience brilliant home entertainment.

Experience the brilliant difference of high-quality video entertainment with ViewSonic's N2750w high-performance 27" wide-screen LCD TV. Featuring a visually appealing, contemporary, slim design, the N2750w is ready to deliver stunning high-definition television as well as both enhanced and standard television signals. Immerse yourself in the vivid colours and crisp images delivered by true 1280 x 720 resolution that stand out with high brightness and contrast ratios. Multiple video and audio connections allow direct connection to DVD players, game consoles and more, to build a complete **HIGH-DEFINITION HOME ENTERTAINMENT SYSTEM** right around the N2750w. Two powerful 5 watt stereo speakers and SRS virtual surround sound capability complete your home entertainment experience. What's more, ViewSonic has built long-term compatibility into the N2750w so you can continue to enjoy high-definition video entertainment in the future.

Highly entertaining, visually appealing HDTV[1].

Experience wide-screen HDTV[1]

Enjoy a wide-screen theatre experience and a high-definition picture quality with this display's wide-screen aspect ratio, HDTV capability, and wide viewing angles.

UltraBrite™ technology brings images to life

UltraBrite technology, fast video response time and Clear Picture™ electronics bring television, DVD, video and gaming to life with bright, saturated colour.

Vivid graphics, clear text, stunning TV

Ultra-high brightness of 550cd/m^2 (typ), a high contrast ratio of 600:1 (typ), and 1280 x 720 optimum resolution provides vibrant video and crisp data images on the desktop or in the living room.

Full-function remote control.

Plug-and-play connections ensure optimum viewing

This HDTV compliant display provides the ultimate viewing experience with plug-and-play, high-end connectivity for HD set top boxes, DVDs, game consoles and camcorders.

Watch TV and view data from your computer

Increase your efficiency and productivity with the PIP (video-over-data) window. Watch TV and surf the Internet or check e-mail. Then, easily switch to full screen viewing of computer applications or video.

Multiple video and audio connections

Add versatility to your LCD TV with support for analogue (VGA) signals, plus component, composite, S-video, and TV.

Powerful high-fidelity audio

It's all accompanied by an ultra-high fidelity 5 watt (SRS) audio system that completes the entertainment experience.
